2018

Professional Development

Research Intern, Platform for the Accelerated Realization, Analysis, and Discovery of Interface Materials

JOHNS HOPKINS UNIVERSITY

- Developed methods for on-the-fly data analysis toward autonomous experimental control.
- Used machine learning and statistical analysis to develop an algorithm for automatic detection of spectral peaks.
- Implemented methods for live streaming data as it is collected from an instrument using Apache Kafka.

Baltimore, MD

Summer 2022 - Present

Research Assistant, Cheng Lab

JOHNS HOPKINS UNIVERSITY

- Studied high-level computational and theoretical methods in quantum chemistry.
- Used coupled-cluster theory to calculate polarizability of molecular and ionic diatoms.
- Collaborated with experimentalists to confirm results at ultracold temperatures.

Baltimore, MD

Spring 2022 - Present

Chemistry Student Safety Committee

JOHNS HOPKINS UNIVERSITY

- Addressed safety hazards across departmental facilities and individual labs.
- Attended trainings for development of proper scientific lab safety, management, and conduct.

Baltimore, MD

Fall 2021 - Present

Research Intern, Medoff Lab

MASSACHUSETTS GENERAL HOSPITAL

- Studied response of airway epithelium cells to lung inflammation toward increased understanding of idiopathic pulmonary fibrosis.
- Created and maintained tissue cultures and imaged using confocal microscopy.
- Developed Python program to analyze and visualize data collected from tissue cocultures.

Boston, MA

Summer 2021

Research Assistant, Tovar Lab

JOHNS HOPKINS UNIVERSITY

Baltimore, MD

Winter 2020 - Present

- Synthesized and characterized novel organic compounds involving with hybrid radial and linear conjugation.
- Calculated optimized geometries and molecular orbital energies for compounds using density functional theory.
- Experienced with NMR processing and analysis.

Teaching

Teaching Assistant, Intermediate Organic Chemistry Laboratory

JOHNS HOPKINS UNIVERSITY

Baltimore, MD

Spring 2022

- Aided in teaching students fundamentals of organic synthesis and characterization.
- Facilitated NMR processing and analysis.

Tutorial Project Tutor

JOHNS HOPKINS UNIVERSITY

Baltimore, MD

Fall 2021

- Supported kids within grades K-5 in math, reading, and writing using a combination of formal study time and interactive games and activities.
- Interacted with parent of student to ensure personalized support.

Learning Den Tutor

JOHNS HOPKINS UNIVERSITY

Baltimore, MD

Fall 2020 - Present

- Offered personalized tutoring in one-on-one sessions to students in courses including Multivariate Calculus, Organic Chemistry, and Linear Algebra.
- Provided personalized notes and problems for students.

PILOT Leader

JOHNS HOPKINS UNIVERSITY

Baltimore, MD

Fall 2020 - Present

- Provide academic support to students in peer-led tutoring sessions within numerous classes, including Multivariate Calculus and Organic Chemistry.
- Responsible for creating problem sets and answer keys each week for all tutoring sessions within the course each semester.
- Coordinated with course instructor to plan review sessions and office hours outside of those offered by professor and teaching assistants.

Volunteering

Baltimore City Weed Warriors

VOLUNTEER

Baltimore, MD

2021 - Present

- Participated in efforts to remove non-native invasive plants from local parks in Baltimore.
